The official report of Mr. J. D. W. Lockwood, Engineer in Charge, for 1875, page 2454, &c., show that said appropriations will be exhausted by necessary work on said improvements already under contract and that to complete same the sum of \$43,055 will be required. Said report also shows character of said stream, necessity for said improvement, commercial importance of said stream, &c., and asks that said appropriation be made. I respectfully call attention to same.

Said stream is in my district, drains the agricultural region rich in tobacco, lumber, corn, and penetrates

The last River and Harbor law, August 1894, contained appropriation of \$22,500. At the end of the fiscal year June 30, 1895, there was an available balance of \$35,756.48. The officer in charge recommended the appropriation in one sum of the remainder of the estimate for the completion

In addition to the above he has given his personal attention to over three hundred and twenty pension cases before the Pension Bureau, many of which he has succeeded in getting settled and allowed and others he has gotten started on the way to final adjustment. He received and answered 6,012 letters from his constituents on matters of interest to them, at all times looking promptly after all matters at Washington concerning which they inquired. In asking Congress to appropriate for the use, by the Government, of the court houses in Mende and Taylor counties, \$1,000 for the former and \$1,666 66 for the latter, he proved clearly in justification of his contention, that during the Rebellion the Union soldiers occupied the court house which were the property of those counties and because of such occupancy they were destroyed by the Confederate troops thereby entitling those counties to compensation from the Government for such occupancy.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War is hereby authorized and empowered and directed to make contracts for the work required to be done to complete the improvements of Rough River, in the State of Kentucky, authorized and in part provided for, in acts of Congress September nineteenth eighteen hundred and sixty, July thirtieth, eighteen hundred and ninety two, and August seventeenth, eighteen hundred and ninety four, and begin

I am sure that a friendly word from you, or your Department' in approval of said report of your subordinate Maj. Lockwood, and its recommendation of said appropriation will result in it being made. I most earnestly, and respectfully ask same, and beg on behalf of my constituents your favorable consideration, and response. I shall have the honor to be, very sincerely

Hon John W. Lewis, M. C. Re

Ample with the foregoing correspondence with the War Department, its indorsements and recommendations, which he had obtained at much hard labor, he was fully prepared in presenting the case to the Committee on Rivers and Harbors, to meet all objections urged by gentlemen of the Committee against the appropriation, and was therefore successful in his undertaking. We have dwelt somewhat at length upon this subject because it is so rarely possible for us to overestimate the value of the services our Representative has rendered us in this matter and it emphasizes what it is to have a Rep-

Attorney A. Jones went to Louisville yesterday evening to look after some business for the county. In the case of Jno. P. Morton & Co., vs. the Ohio County Court.

It is quite annoying to have to be always dunning people for what they owe. Some are honest when they tell you they haven't got it, but others are not; so here it goes. Some will make promises that they do not expect to keep.

Mrs. Jennie McHenry and daughter, Miss Isabelle, and Hon. Jno. J. McHenry will arrive home this week from Denver, Col., where they have been with Mr. G. T. McHenry. Mrs. Jno. J. McHenry will visit her parents in Allen, Va., before she returns home.

The Kentucky Anti-Climatic Oil Co., have struck gas at a depth of 1,100 feet in their new well in the eastern part of town. Owing to the fact that there is a vast amount of salt water in the well it is hard to tell how much gas the vein will afford, but it is thought by knowing ones that the vein is a strong one and are long looking for the lighted by gas from our own well. The company is now having casing put in, preparatory to testing the gas.

A Sufferer Cured

"Every season, from the time I was two years old, I suffered dreadfully from erysipelas, which kept growing worse until my hands were almost useless. The bones softened so that they would bend, and several of my fingers are now crooked from this cause. On my hand I carry large scars, which, but for

AYER'S Sarsaparilla, would be sores, provided I was alive and able to carry anything. Eight bottles of Ayer's Sarsaparilla cured me, so that I have had no return of the disease for more than twenty years. The first bottle seemed to reach the spot and a persistent use of it has perfected the cure."—O. C. DAVIS, Wintona, Wis.

The following named persons have paid their subscription to THE REPUBLICAN since our last issue. Jesse Maury, Morgantown; E. R. Tichenor, Centertown; Jno. B. Weller, Paul Abell, Bardstown; Basil Taylor, Prentiss; J. E. Davidson, Harford; Claude Hayes, Point Pleasant.

How They Take It.

THE REPUBLICAN has interviewed a number of Ohio county Democrats since the Chicago Convention and gained expressions from a large number of them. The silver element is highly pleased with the nominations and I say it is a strong ticket, while the sound money element are loud in denouncing the platform and say it does not represent the Democratic ideas. A large number of the sound money men are in a quandary whether to vote for McKinley or hold out for a new Democratic ticket to be put in the field for them to support. There can be but little doubt but what Ohio county will give McKinley a handsome majority, for our farmers and business men are too much interested in their own welfare to go off after the free silver heresy.

Miss Amanda Wallace of this place died Sunday and was buried Monday in Waid graveyard.

Last Saturday a large crowd gathered at Beda to witness a game of base ball between the Beda and a picked nine from McHenry but they were sadly disappointed for the game was hardly half through when the umpire (he might be called such) called the game because some of the spectators gazed him for his bad decisions. The Beda pitchers could not throw a strike while the McHenry twirlers could not throw anything but strikes and then after our nine taken all of this he called the game in order to save his side from defeat. When it takes nine men and an umpire to defeat a nine the boys here don't care to play such a team; we advise the gentleman that umpired the game to go with some menagerie as a clown for he would make a better success than trying to umpire a ball game.

Last Sunday morning at 1:30 o'clock fire broke out in Taylor & Wadell's Livery Stable. Seven buildings, 400 chickens and eight fine horses were burned, making a loss of over \$10,000.

The general opinion is that the stable was set on fire. For several minutes it seemed as many other buildings would burn, but by hard work on one side and the burning of a salt shed which smothered the flames the fire was put out.

The Kickapoo Indian Medicine Co. were held over here two days longer than was intended owing to the rainy weather. They gave their last entertainment Wednesday night. The people of this town and vicinity have enjoyed their stay here greatly. Miss Nannie Wells won the prize in the ladies wood sawing contest.

Master Willie Stevens won the prize in both the apple and pie eating contests. Miss Beulah Coats received the greatest number of votes for being the most popular young lady of town and received the lamp. Miss Attie Austin was second on the contest and she takes great pleasure in thanking her friends for their kindness shown in the contest.

The Christian Endeavor will give an ice cream supper next Thursday night in the School Hall. Everybody come.

Nearly all women have good hair, though many are gray, and few are bald. Hall's Hair Renewer restores the natural color, and thickens the growth of the hair.

This testimonial is unsolicited and for the benefit of humanity. My daughter has been subject to severe colds and croup and often taken with violent coughing spells at night. Dr. Bell's Pine Tar Honey is the only preparation I have found that will relieve her. I think it is as necessary in the house-hold as a life preserver on a steamboat.

Dispositions at Harford.

Harford, Ky., July 14.—(Special.) Numerous sound money Democrats of this county have been outspoken since the adoption of the Chicago platform as not being averse to the holding of a convention to nominate a Democratic candidate for the Presidency of the United States. They consider Bryan a Populist and some will undoubtedly support McKinley in November or not vote if there is no sound money candidate put up before the people.

The correspondent of the Courier-Journal at this place sent the above notice to the paper for last Wednesday which has created quite a sensation among our free silver brethren. Some took the matter up and have been roundly abusing the correspondent and claim that there is nothing in the report. The correspondent is led and if the free silver element does not wish to be exposed they had better keep away from him. Let them fight it out.

Gilmonfield Views the Situation in the Right Light.

"God, give us men! A time like this demands strong minds, great hearts, true faith and ready hands."

It now remains for the people of these United States to determine whether or not they will support a man, who when battle clouds were hanging thick above us, stood at the front, fighting for the existence of our country and not for a reputation which meant a fall, or whether they will support a man who repudiated his party and then through love for notoriety accepts the nomination of the party he repudiated. Everywhere in this broad land Democratic newspapers are tearing themselves from the free silver rioters and proclaiming their intention to stand by sound money and to repudiate such actions as were recently taken by the free silverites at Chicago.

The Courier-Journal of the 11th says: "The Courier-Journal, whose whole existence has been spent in battle for Democracy, rejects the new faith of fanaticism, repudiation and anarchy, which the Chicago convention has proclaimed as the Democratic creed, refuses to support the nominees who have been, in an unprecedented convulsion of frenzy, ordained the apostles of that faith."

And in referring to the Democratic nominee the Courier-Journal does so as "a young hot-head who has recently abandoned the Democratic party for the Populist party."

The Chicago Chronicle, Mobile Register, N. Y. Sun, New Orleans Picayune, Louisville Post, Courier-Journal, and dozens of others equally as strong, have refused to allow their presses to throw forth anything in favor of free silver fallacy. This in itself is enough to prove conclusively that gold is the honest money.

The coming election will mark an epoch in the history of this country. Never did excitement drift higher. The country must not be allowed to drift into the hands of the mine owners of the west, who, to get rid of their metal at an enormous profit, have started the silver craze. Headed by anarchists and revolutionists it is the aim of these would be revolutionists to wreck the country in which their pride should be centered. Everyone knows Altgeld, his name is a dead give-away. Everyone knows Tillman, the man who for the sake of a name stands ready to lead a revolution such as the one of '65; the man who glories in the fact that he is now the State that was the first to secede; the man who stood at the Atlanta Exposition and spit forth words of venom against the people of the north and the same man who to-day is the greatest on the face of the earth—in his own estimation.

McKinley, the gallant leader of the Republican party, stands with open arms to receive the men who want prosperity and not ruin, riot, rags and rebellion. The very name of McKinley is the symbol of free people.

Democrats, not free silverites, for in the estimation of a fair minded man a free silverite is not a Democrat we appeal to you to stand for the right, not merely a name. Bryan said at Jackson, Miss., June 11, 1895, that he would die before he would support a gold standard Democrat. Have you not convictions equally as strong? Will you support him, a free silver man? Not when you know Wm. McKinley, the next President of the United States, is the leader of the hosts whose battle cry is "down with the fifty cent dollar."

so common in summer-time, accompanied by loss of energy, lack of thought-power, means a deficient supply of nourishment. The vital force is lost. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
—Dr. J. C. O'Connor, Louisville, Ky.

"Castoria is the best remedy for children of which we are acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various narcotics, no matter how good, which are so often given to them. By giving Castoria, mothers are doing their duty, and saving their children from the danger of habit forming narcotics, and from the danger of death."
—Dr. J. J. Kennedy, Louisville, Ky.

"Our physician (Dr. J. J. Kennedy) has recommended to me to give my child Castoria, and although we only have among our medical supplies a small quantity of regular Castoria, yet we have been able to obtain the medicine of Castoria has been so good, that we have been able to obtain it from a local druggist."
—Dr. J. J. Kennedy, Louisville, Ky.

PREPARATIONS FOR THE

GREAT BATTLE

On November 3 are already well under way. A new PRESIDENT OF THE UNITED STATES IS TO BE ELECTED, AND THE N. Y. WEEKLY TRIBUNE.

Will, as always, be found in the thickest of the fight, having vigorously for the last year, been fighting for the "Notion" of the NEW YORK WEEKLY TRIBUNE, and is not only the leading Republican newspaper in the country, but is Pre-Eminently a National Family Newspaper.

In campaign news and discussions will interest every American citizen. All the news of the day, Foreign Correspondence, Agricultural Department, Market Reports, Fashion Plates with elaborate descriptions, and a variety of items of household interest, make up an ideal Family Paper. We wish THE REPUBLICAN and NEW YORK WEEKLY TRIBUNE, both papers.

ONE YEAR \$1.25 in Advance

Address all orders to the HARTFORD REPUBLICAN, Hartford, Ky.

Write your name and address on a postal card, send it to Geo W. Bes Room 2, Tribune Building, New York City, and sample copy of THE NEW YORK WEEKLY TRIBUNE will be mailed to you.

\$1.00 FOR YOUR PHOTOGRAPH.

Write a letter covering these three points: First, state how long you have been a member of the N. Y. Tribune. Second, state how you have known it to cure and give the names of those cured by it. Third, state your opinion as to the difference between its strength and action, and the strength and action of the "Liver Regulator" made by J. H. Zellin & Co., and the "Black Dranght" made by Chattanooga Medicine Co.; both of which have sold to dealers at 6 or 7 cents per package, net, and should retail at not over 10 or 12 cents. If you think it is not imposed upon, while our Original article cannot be sold at less than 25 cents per package, as we have too much regard for human life to use cheap drugs in any of our medicines. The reason is plain: Zellin & Co. and the old proprietors of "Black Dranght" were both indicted for deceiving the public by using the words constituting our trade name; therefore, look out for that dealer (not knowing you are posted) don't sell you some cheap package at a profit of 200 or 400 per cent. Instead of our Genuine "Dr. M. A. Simmons Liver Medicine," which you be sure to specify, and take to other, as there is nothing else like it.

On receipt of your letter enclosing photograph, we will mail you free of charge, a 10c package of Liver Medicine, or on receipt of letter without photograph, we will mail you a 25 cent package, free.
